

Blockchain and innovative applications

- 10 February 2017, Room A222 (Polo Ferrari) -

Abstract

We will present four advanced applications of blockchain, one in the context of online payment and the others in very different settings: electrical smart grids, digital identities and certification for the food chain.

Programme

14.00-14.30 Registration

14.30-14.50

Prof. Massimiliano Sala [UNITN](#)

Event opening presentation

14.50-15.10

Dr. Marco Torresani [Argentea](#)

Il BitCoin nella Distribuzione Organizzata

15.10-15.30

Dr. Ioannis Kounelis [Joint Research Centre, European Commission](#)

Energy distribution using a Blockchain

15.30-15.50 coffee break

15.50-16.20

Dr. Federico Pintore [UNITN](#)

Secure digital certificates with a blockchain protocol

16.20-16.40

Dr. Marco Vitale [Block srl](#)

Foodchain, la blockchain per la tracciabilità e la trasparenza di filiera
